

**W**hen you choose the doctors of Mount Auburn Healthcare at Lexington for your care, you're choosing a team of trusted physicians committed to serving the community with attentive top-quality services.

**With a staff of three specialists in internal medicine,** serving patients from 18 years of age to the senior years, we're here to provide you with comprehensive primary care in a personalized, compassionate setting.

**Our training and backgrounds are strong** and all our physicians are board-certified.

**As primary care providers we're the front line of healthcare.** Our goal is to provide you with key, ongoing preventive medicine services as well as with treatment when you do get sick.

**We emphasize routine visits** to monitor your medical concerns, whether through regular physical examinations or routine follow-up visits for issues such as hypertension or arthritis. Our focus includes wellness counseling, proper immunizations, screening for osteoporosis and hormonal therapy.

**When health problems do occur,** we have access to extensive testing resources in the area. We have a blood drawing laboratory in our office and mammography, MRI and x-ray resources are available in the area.

**We're experienced in detecting, treating and managing** issues as diverse as arthritis, back and abdominal pain, asthma and chronic pulmonary disease, diabetes, cancer and heart problems.

**We're affiliated with Mount Auburn Hospital,** a Harvard Medical School teaching hospital, for inpatient admissions and other hospital-based services, and with the Mount Auburn network of physicians for specialty consultations and referrals.

We normally see patients in our offices from 9 am to 5 pm on Tuesdays, Thursdays and Fridays and from 9 am to 6:30 pm on Mondays and Wednesdays. A physician is on-call for emergency problems 24 hours a day, seven days a week.

If you need to consult with us for a “sick” visit, appointments are typically available on a same-day basis. “Well-care” visits can be scheduled within several weeks.

Free parking is available in the garage in our building at 57 Bedford St. and in the parking lot behind it. The stop for MBTA’s No. 62 bus, from Alewife, is located near our front entrance.

We accept most major insurance plans, including:

- Blue Cross and Blue Shield of Massachusetts  
*(including Medex)*
- Harvard Pilgrim Health Care
- Tufts Health Plan
- Tufts Health Plan Medicare Preferred  
*(formerly Secure Horizons)*
- Medicare
- Many commercial insurance plans
